Harvesting Priorities for Aquatic Plants

Cut Areas

 Recreational and Navigational Cut (~13.5 ac)

Deep water cuts may be required to maintain a channel and enhance fish habitat. Note that cuts are not drawn to scale.

 Elevator Location

0 500 1,000 Feet

*Digital orthophoto from April 2014.
Map updated October 31, 2017 by Dane Co. LWRD.*

Notes:

Mapped areas are approximations and may not be drawn to scale. The width of the aquatic plant harvesters' cutting heads (10 feet) determines the actual width of harvested lanes cut. As time and budget permit, harvesters cut plants for special events held on or in the water; however event locations vary and are not mapped. Harvesting is not prohibited in areas not mapped as "cut" or "no cut," but they are typically not harvested due to very minimal nuisance plant growth and budget limitations.
